

# Mythbusters

I just wanted to remind you all that HC DrugFree will be presenting the *Mythbusters* program on **Tuesday, January 19th from 7:30 p.m. - 8:30p.m. at River Hill High School.** Mark Donovan with Integrative Counseling and Officer Shawn Germain will dispel commonly held beliefs about alcohol and other drugs in our community and schools. This is a highly interactive program so please bring your own ideas to discuss. Parents and teens are encouraged to attend. This program is free and no registration is required.

Please spread the word throughout your community and school about this program so that we can continue to empower the community to raise DRUG-FREE teens.
