

## College and Career Information Sheet

We would like to create a database of valuable information regarding the college and career experiences of our school community's parents, guardians and staff members. Please consider participating by filling out the information below...our students will benefit greatly from the wealth of knowledge, insight, and experience available in our community.

You may also download a copy of the survey from our school web-site and e-mail it to: susan\_bradley @ hcpss.org. There will be a binder with this information available in the Counseling Center for all of our students to use. Thank you in advance for your time and consideration.
