

Marriotts Ridge: 2010 Graduation

Congratulations on another successful year and successful graduation ceremony. Candid Color by Lifetouch captured the success of your event and the memories that parents and grads look for. We need your assistance in getting our login code and website address to your graduates. Many schools are sending an exit email to all graduates with our web address and the school login code (information noted below). Still yet other principals are using their **internal school telephone “call out system”** for the Class of 2010. And finally, a great many schools are posting our web address and the login code on their school website. We would appreciate your assistance in contacting your graduates.

We have your school’s graduation ceremony handshake and candid images **online** at www.candidcolor.net and the login code is: **MRIG10** (the 10 is numeric)

Thanks in advance for your assistance. Please enjoy remembering the success of your recent graduation ceremony!!

Best regards,

Candid Color by Lifetouch
